## Our Staff

Program instructors are seasoned sailors certified by US Sailing. They may be assisted by Junior Instructors (JI's).

- Experienced instructors teach sailors of all levels from beginner thru advanced in an engaging, fun, and safe manner.
- A high instructor-to-student ratio ensures all sailors receive personalized instruction and have a fulfilling sailing experience.

**Huguenot Yacht Club** was established in 1894 and is one of the founding clubs of the Junior Sailing Association of Long Island Sound.

Our mission is to introduce children to the sport of sailing, which is not just an isolated skill but also way of life enjoyed for a lifetime.

- Choose from **two 3-week sessions**, beginning in early July and ending mid-August.
- Each day runs from 9 am to 4 pm and includes catered lunch and pool time. Early morning drop-off and extended day options available.
- **Intro to Sailing**, during the pre-week, this class familiarizes the sailors with basic sailing concepts, exposes them to different types of sailboats, and allows them to get a feel for the wind in their sails.
- **Race Clinic** for advanced sailors is offered during the pre-week.
- Basic swimming skills are a prerequisite for registration. Each child is given a swim test.
- Non-member families enjoy the use of our Club House and dining facilities during the program.

## JUNIOR SAILING 2025 Summer Program

**A Summer  
Experience  
that Lasts a  
Lifetime!**

**For Children 8 - 17**

## Unique Summer Program

The HYC JS Program teaches sailing to children ages 8-17 in a safe, caring, and fun environment.

We offer classes from beginners to advanced, from learning to rig their boats to competing in regattas at different clubs on Long Island Sound.

Our US Sailing certified coaches instill the love of sailing and seamanship in all our students, whether they enjoy adventure sailing or racing.

We support a successful race team for our advanced sailors.

Learning to sail is a great way for children to become self-reliant, learn a life-long sport, and make lasting friendships and memories.

## 2025 Sessions & Dates

	Length	Start	End
<b>Intro to Sailing</b>	3 days	Jul 1	Jul 3
<b>Racing Clinic</b>	3 days	Jul 1	Jul 3
<b>Session I</b>	3 weeks	Jul 7	Jul 25
<b>Session II</b>	3 weeks	Jul 28	Aug 15
<b>Daily Hours</b>	7 hours	9:00am	4:00pm
<b>Early Drop-Off</b>	1¼ hrs	7:45am	9:00am
<b>Late Pick-Up</b>	1¼ hrs	4:00pm	5:15pm

## Sailboat Options

**Charters or Private Ownership:** A limited number of Opti, Feva, & 420 dinghies are offered for charter. Private boats are welcome after a safety inspection.

- **OPTIMIST:** Sailors typically begin in an Optimist dinghy, which is the largest youth sailing class in the world. The "Opti" is safe, stable, and easy-to-rig. Sailors are assigned their own boat. More experienced Opti sailors spend time racing and improving their competitive skills and will compete in regattas

- **RS FEVA:** A two-person dinghy that requires teamwork and multiple sail handling. The Feva is suitable for sailors (12+) who meet minimum weight. Featuring a mainsail, jib, and spinnaker, it offers great training and racing experiences for sailors who are ready to move from the Opti.
- **LASER RADIAL:** One of the most popular single-handed dinghies and is raced as an Olympic Class. Lasers are best suited for sailors (13+), over 125 pounds, and focused on racing. All Laser participants must own or independently charter their boats.
- **SAFETY-AT-SEA & BIG BOAT PROGRAMS:** sailors 14+ years old learn essential safety skills at an off-site STC sailing clinic in Session I, practice on the Club Sonar, and will have opportunities to sail on bigger boats and in regattas with our club members.
